

## TRANSFER REQUIREMENTS

Pennsylvania College of Technology will accept South Hills School of Business and Technology graduates into the Applied Health Studies program if they meet the following requirements and adhere to admissions and program procedures.

- A. Applicants must have a final cumulative GPA of 2.0 (on a 4.0 scale) or higher. All courses eligible for transfer must be completed with a "C" or higher.
- B. Health care related courses will transfer as a block, and will not be evaluated individually. The block transfer requirement will be contingent upon health care credential completion. The transfer block consists of a maximum of 47 credits. Once admitted, students transferring in with less than 47 credit hours will consult with the Department Head of the Applied Health Studies program to choose health care related coursework to fulfill the 47 Applied Health Transfer Requirement credit hours.
