

Higher Education Emergency Relief Fund Disclosure

Updated June 30, 2021

South Hills School of Business & Technology (SHSBT) has been allocated funding from the Higher Education Emergency Relief Fund (HEERF), which is part of the Coronavirus Aid, Relief, and Economic Security Act (CARES Act), that was enacted on March 27, 2020. Sections 3504, 18004, and 18008, allow higher education institutions to use certain funds allocated by the Department of Education to support students and higher education institutions with expenses and financial needs related to the coronavirus (COVID-19) pandemic.

Amounts were calculated based on the number of Pell Grant Recipients and full-time equivalent enrollment at each institution. South Hills has been allocated \$795,265 half of which is required to be distributed directly to students who are experiencing hardship due to the COVID-19 pandemic.

Being aware of the hardships facing our students, SHSBT moved swiftly and applied for these funds almost immediately after becoming available. SHSBT appointed a HEERF team comprised of the President, Campus Directors, and Director of Regulatory Affairs, Bursar, and Financial Aid. The HEERF team established eligibility criteria, developed a timely and efficient request and approval process, attended multiple training sessions, and ensured compliance with all reporting requirements. Within 48 hours of SHSBT receiving the funds, students were able to request their grant money allotment through an electronic request system.

In compliance with disclosure and reporting requirements, SHSBT has made the following information available:

What assurance has South Hills shown that it has used or intends to use, no less than 50 percent of the funds received under Section 18004(a)(1) of the CARES Act to provide Emergency Financial Aid Grants to students?

- ^ South Hills has signed and returned the Certification and Agreement to the Department of Education upon the receipt of funds.
